## Product/Technical Data Sheet (TDS)

# PRO-FLOW Multipurpose Thinner

### PRODUCT DESCRIPTION:

Omega PRO-FLOW Multipurpose Thinner is a premium quality multipurpose thinner designed to achieve optimal performance for spray applications. Pro-Flow Multipurpose Thinner is formulated to be used with automotive paints where excellent flow and a high gloss finish is required. Formulated for thinning or reducing acrylic lacquer topcoats and most single pack primers including primer surfacers, high build primers and etch primers.

### DIRECTIONS FOR USE: THINNING RATIO:

For thinning ratios always follow the recommendations as provided by the manufacturer of the paint being used. As an indication for normal use, to 1 part by volume of acrylic lacquer topcoat, add 1.25 to 1.5 parts of thinner. Add the thinner to the paint and mix until uniform consistency has been achieved.

**STORAGE:** Store upright in a cool, dry, well ventilated area away from heat, ignition sources and direct sunlight. Always replace the lid securely after use.

**DISPOSAL:** Dispose of in accordance with local, state, and federal regulations.

**RISK: HIGHLY FLAMMABLE.** Harmful by inhalation. Irritating to skin and eyes.  
**DO NOT SWALLOW.**

**SAFETY DIRECTIONS:** Avoid contact with the skin and eyes and avoid breathing the vapour. Keep away from sources of ignition – **NO SMOKING.** Use in a well-ventilated area.
